Collection Division, ACSI  
Department of the Army

SUBJECT : Procurement of Published Photographs by the  
Office of the Army Attache, Warsaw

1. Graphics Register has been receiving regularly since August, 1957, batches of photographs obtained by the Military Attache from an official Polish press service in Warsaw. To date, we have received sixteen shipments of photographs totalling 491 prints. A high percentage of the photographs contain new and valuable information on military subjects, transportation, industries, etc., which is not available from any other source. We understand that the initial exploitation of this source in 1957 was made by a Col. Alexander and that other officers have continued procurement on a regular basis since then.

2. Graphics Register wishes to express its appreciation to Col. Alexander and his successors for initiating and extending the exploitation of this very productive source.
